

Phase 2

South Cliff Park and Ride and the two pick-up and drop-off points at the Harbour Top (coach) and the Spa Promenade (land train) include:

Public toilets with baby change, disabled facilities and changing places

Covered waiting areas

Low floor easy-access bus, providing an environmentally friendly service

Secure parking, with CCTV coverage and staff on site

Café and refreshment available locally

Beach access

Information points / kiosk

Picnic area

The Park and Ride service

The seasonal complimentary link to the town centre is available to all persons who are part of the travelling party, who have paid to use the South Cliff long stay car park (max 7 persons per vehicle).

Whilst the car park allows for direct access to the beach and other facilities it also provides for a Park and Ride service, operating throughout the summer until the end of September.

The Spa Light Explorer Coach (supported by the Spa Light Express) operates between 9.00am and 6.00pm. Some service times and operating hours may vary throughout the season, particularly in holiday periods and weekends. Please check on site for up-to-date service details.

The site and service is unique in that your day at the seaside starts when you park at this family friendly location, with all the services and direct access to beach and promenade walks or just explore the sand dunes along this beautiful coast line.

Welcome to Bridlington's fast link to the resort centre

A real Yorkshire welcome beside the seaside at South Cliff

All day parking, picnic area, café, toilet, information point and direct access to the beach with seasonal Park and Ride.
